**NOT A CHARITY . . . JUST PEOPLE HELPING PEOPLE**

I'm not quite sure where to begin. These past two months have been an absolute whirlwind of blessing and a flurry of activity. Make sure to continue reading the second page for a visual update of what we have been doing in Liberia.

We have continued to support thousands of people and hundreds of families throughout COVID-19. We have provided bags of rice, cooking utensils as well as other necessary items to prepare food without electricity. **I have received so many thank you messages from people who are so grateful for your help.** Many have said that "Hope For Liberia" has lived up to its name hundreds of times over. I've been told by widows that they feel like we were sent by God at such a time as this, that **they don't know how they would have survived if it hadn't been**

**for your help.** No words can express to you the thanks and gratitude that is in our hearts as so many of you continue to support this incredible new project.

Christmas is only a few weeks away. We would like to do something special for the children at the orphanage (see below) and in the community.

We would love to buy gifts such as **clothing, shoes, toys, and backpacks.** We would also like to purchase items such as **cooking pots, pans and utensils** for the moms and dads. We're calling this outreach "A COVID

Christmas" and we're raising the funds for this during the month of November.

The **chickens are coming . . .** We are very close to the finish line of receiving hundreds of day-old chicks. Thanks to your generosity, we built the chicken coop, we raised enough money to buy the chickens, to pay for their vaccines, and to train our two poultry farmers. We need to raise the final \$3000 to purchase a very specialized type of chicken feed to maximize the efficiency of the chickens in laying quality eggs when they reach six months of age. Believe me, I'm learning a lot about raising chickens on the fly.

**Any amount** to any of these projects will go a long way to being a blessing to the people of Liberia. Thank you for all you're doing!

*Joe*
