

HOPE FOR LIBERIA

Hello Friends!

As we head into spring here in North America, Liberia is getting ready to go into their rainy season which will last for six months. This is wonderful for **Hope Farm...** if we can get a few more acres of land cleared as well as **seeds in the ground**. If we can do that, we will have a wonderful **harvest in the Fall!**

To that end, we just sent additional funds to clear and prepare several more acres of land for planting. **We are so incredibly thankful for all of your support** to get the farm fully running. The dry season pushes us to move quickly and get as much exterior work completed as possible. The farmhouse for the workers is almost complete. We will need **\$7000 to complete the washrooms and sleeping spaces**. Having the workers stay on site will help save money as they won't have to pay daily transportation to and from their villages.

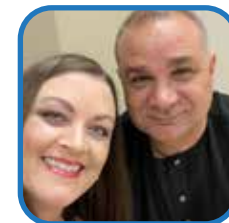

The **House of Hope Orphanage** is nearly fully completed. All the **walls, rooms, and roofing are done**. The last remaining piece of the puzzle to complete is to finish the **water tower and septic system**. The toilets are installed and the plumbing is roughed in. The crew is hard at work to finish casting the tower

before the rainy season begins. The materials for the **beds** have been ordered. The shipping has been delayed, but we will keep you updated and post photos as soon as the materials arrive and the beds are assembled.

Working in Liberia isn't always easy. There are many **obstacles to overcome**. It's like we always say...**"You can't do ministry in Liberia without God!"** and we asked Him for something we couldn't do without Him. We are so thankful for the Lord's faithfulness. And we are so thankful for you. The Community of Hope nears completion with each passing day. **Your prayers and donations will see it to the end**. Please pray about giving today. Every gift counts. Every dollar matters. Karen and I feel like the most blessed people in the world, because we get to minister to the beautiful people of Liberia.

With our warmest regards,

*Joe &
Karen
Amaral*

THANK YOU!

Here is how your donations continue to make a difference in Liberia . . .

Joshua—the former most feared warlord in Liberia—has the most incredible redemption story I have ever heard in my life. Joshua has committed his life to rescuing young people from the ghettos, and from a life of crime and violence. Your donations helped him complete his vocational training center. That means that these young people will never have to return to those ghettos, or to violence, or to crime. They will receive important life skills and learn practical trades, that will make them invaluable members of society.

Pastor Beinmie has devoted his life to rescuing orphans. We recently told you about his son Uriah, who was in the hospital because both of his lungs had been filling up with fluid. He had two operations to look after draining them. The cost of the surgeries would have been more than his annual salary. Your compassion and ongoing contributions have saved this young man's life, and have given Pastor Beinmie and his wife the peace of mind to know that their son will be okay and that they won't be in debt because of the medical bills.

Living Faith Gospel Center

We have been thrilled to partner with this dynamic young pastor who has a vision to bring the gospel to new and unreached areas. The Lord put it on his heart to buy a piece of land that had been used for the past 50 years to practice dark magic and voodoo. The land has been purchased and redeemed, and now a beautiful new church building is being built on that property, to the glory of God.

Community of Hope Solar Power System Update

We are excited to let you know that the newly installed solar power system is doing very well. So far, we are up to 12 hours of power per day. This is a huge victory as it will give us electricity to power on the lights through the night, which is an integral part of securing the site. More solar panels and batteries and bulbs are arriving every week, which will help us reach our goal of 24 hour power.

Your faithful donations have made all of this incredible ministry possible!

WAYS TO GIVE
