

# HOPE FOR LIBERIA

Hi Friend,

It's hard to believe that since our last letter, I went on my **12th trip** to Liberia! It's been absolutely amazing to see what the Lord has helped us accomplish during these past five years.

**God's favour was evident** from the moment I landed. I had the privilege of sitting down in his home with his excellency, Joseph Boakai, the President of Liberia. He was very touched by all that Hope For Liberia has been doing. We're excited to continue doing so much more!

It was wonderful to visit the new **church building project** in Mount Barclay. We have been working with **Daniel Seakor** since day one, and it was exciting to see the progress on the building and feel the excitement from the community at their **inaugural service**.

**Joshua Blahyi** took me to one of the **poorest and toughest ghettos** in the country. We were able to bring them **food and drinks**, and then share an encouraging word with about 200 of the residents.

While I was there, you responded to enable them to **set up a small clinic and hire a full time nurse** for the community where rescued men and women go to recover. They often come with illnesses that require urgent treatment.

I had the privilege of visiting **Pastor Beinmie and his wife Juliet and their 23 adopted**

**orphans**. They were so concerned about where they were all going to live because the owner of the land had just informed them that they would have to leave. We were so excited to tell them that a partner in Canada had donated enough funds in order for them to **purchase their own property** and **begin the process of building a home for all the children**. Please pray for the finances to complete the home soon and quickly.

Even though we have been able to do so much, **there is still much to do**. Please continue praying and giving, and we will keep going. Together, we are bringing **hope** to those who need it most!

With our warmest regards,

*Joe &  
Karen  
Amaral*

# THANK YOU!

Here is how your donations continue to make a difference in Liberia . . .

### Making A Difference (M.A.D.) Money

On the trip, we distributed over \$1,000 USD in one day to small vendors in Mount Barclay. We bought all of their product and then distributed it to those in the community, blessing both the vendor and the receiver of the items.

One of the women we helped was in tears of joy and shock at the gift she was given to help her small business. Survival has been a struggle.

### Beinmie's Kids

Feeling powerless to a landlord who was returning to Liberia to reclaim squatted land, the Lord heard the cries of a sweet couple who have taken in many orphans and given them a home.

In just days, we helped them purchase property, clear the land and begin the building of a new home for this precious family. The footings and foundation walls have already begun!

### Living Faith Gospel Center

For the inaugural service, the roof was on and the platform had just been poured the night before. What a beautiful time of celebration it truly was! This church is blessing the community surrounding it in ways you can't imagine!

Right now, the security bars have just been installed and the glass panes and doors are being installed in the next couple weeks.

### Water Well

Your response to the need for a water well in the remote village of Kartoe Town in the Todi (aka Todee) district of Liberia was incredible. Pastor Alvin was able to secure a drilling company in a couple of days and the well was completed in less than a week!

He told us that it would have such an affect—not just their village but thousands of people from other villages can now come to it for clean water.

Your faithful donations have made all of this incredible ministry possible!

## WAYS TO GIVE

### MAIL:

Cheque to

### E-TRANSFER:
